2. APPOINTMENT TO EPA POSITIONS

A. Method of Appointment

Every appointment to an EPA non-faculty position shall be made by the Chancellor or Chancellor's designee by means of a letter of appointment that fulfills the requirements of Section 2.B. Appointments of SAAO Tier-Is must be approved by the Board of Governors, unless delegated to the Board of Trustees/Chancellor. Appointments of SAAO Tier-IIs must be approved by the Board of Trustees, unless delegated to the Chancellor. No person covered by this Policy has tenure in their SAAO or EPA Professional position.

B. Letter of Appointment

Every letter of appointment to a covered position shall include the title of the position, the initial salary, provision for periodic review of compensation, provision for funding contingencies if applicable, the annual leave entitlement of the employee, notice that the employment is either for a stated definite term or is an "employment at will" subject to continuation or discontinuation at the discretion of the Chancellor; and notice that the employment is subject to these policies as adopted and as they may be periodically revised, and a copy of these policies shall be attached to the letter of appointment.

C. Contingent Appointments

When an EPA position is funded in whole or substantial part from sources other than continuing State budget funds or permanent trust accounts, the letter of appointment shall state that continuation of the employee's service in that position is contingent upon the continuing availability of funds from such other sources to support that position, specify the source of such funds, and that the effect of such contingency may apply without the additional notice otherwise required by Sections 3.A., 3.D. and 3.E. provided that the affected employee shall be informed at the earliest practicable date of the occurrence of such a funding contingency. Fee-based funds are an example of such contingent funding.

D. Individuals Covered by More than One Employment Policy

When an employee is to serve simultaneously in more than one type of SAAO or EPA Professional position, one position shall be designated in writing as the base that governs the conditions of employment and the rights and responsibilities of the employee. If

E. Terms of Appointment and Reappointment

1) Senior Administrative Officers-Tier I.

Except with regard to the appointment of the Chancellor, no contract or other writing (except for The Code or UNC Policies) may vary these terms, nor may any oral agreement modify these provisions. The appointments of these senior officers are subject to the approval of the Board of Governors or a Board of Trustees delegated such authority by the Board of Governors. Such officers do not have tenure in their administrative positions. Except for the Chancellor, ~~they~~ EPA Non-Faculty serve at the discretion of ~~their employer~~ Chancellor and are not appointed to serve for specified periods of time. The continuance of these administrators in office therefore is at all times subject to determination by the appropriate authority as follows:

a) The continuance in office of the Chancellor is determined by the Board of Governors, which may act to terminate such an appointment upon its own initiative or upon recommendation of the President. The Board of Governors in all instances shall consult the Chair of the Board of Trustees prior to terminating the appointment of the Chancellor. The President may place the Chancellor on temporary leave, with or without pay, if the President has reason to believe that illness, injury, misconduct, neglect of duty or other circumstances may interfere with the Chancellor's performance of the duties of the position. Before placing the Chancellor on temporary leave, the President shall consult with the Chairman of the Board of Governors, the Chair of the Committee on Personnel and Tenure, and the Chair of the Board of Trustees.

b) The continuance in office of vice chancellors, provosts, deans, and directors of major educational, research and public services activities shall be determined by the Chancellor. The Board of Governors, in accordance with the provisions of Section 501(B)(6) of The Code, reserves the right to initiate action to terminate appointment of these officers when it deems such action to be necessary in the best interests of the University.

Senior administrative officers are subject to the direction and control of the Chancellor and serve at the Chancellor's discretion. They are employees at will; thus, the Chancellor may not purport to confer on any such officer a period of employment of

fixed duration or otherwise confer any property interest in such employment. However, such an officer may be appointed to a period of employment not to exceed a specified number of years, so long as the appointment letter states clearly that the incumbent officer is subject to removal at any time, during that period, at the option of the Chancellor.

The compensation of senior officers shall be set by the Board of Governors or a Board of Trustees delegated such authority by the Board of Governors. No Chancellor and no senior academic and administrative officer may be paid, in addition to his or her salary, for any services rendered to any institution-related foundation, endowment, or other entity that was established by officers of the University, that is controlled by the University, or that is tax exempt based on being a support organization for the University.

2) Senior Academic and Administrative Officers—Tier II

Appointment to a Senior Academic and Administrative Officer-Tier II position is “employment at will” subject to continuation, ~~or~~ discontinuation, discharge for cause, or termination at the discretion of the Chancellor, except that contracts or letters of appointment of Directors of Athletics may be for a term of years and are governed by UNC Policy 1100.3 ~~and Guidance 1100.3.1(G)~~.

Such an appointment is for an indefinite term. A fixed-term appointment may be converted to an “at will” appointment at the end of a fixed-term. An “at will” appointment may be converted to a fixed-term appointment at any time.

An appointment and any subsequent renew appointment(s) in a visiting EPA Professional position shall be for a period(s) of no more than one year. If the visiting appointment is funded in whole or substantial part from sources other than continuing State budget funds or permanent trust accounts, the letter of appointment shall state that continuation of the employee’s service in that position is contingent upon the continuing availability of funds from such other sources to support that position, specify the source of such funds, and state that the effect of such contingency may apply without the additional notice otherwise required by Sections 3.A., 3.D. and 3.E. Annual leave in excess of thirty (30) days will be automatically converted to sick leave at the end of the calendar year.

Annual Leave may not be advanced beyond the amount the employee will earn in the month of the request for advancement. If an employee separates from the University and has taken more annual leave than has been accrued, then the University will determine the amount of leave the employee must repay to the University and make all deductions from the employee's final salary check accordingly.

For SAAO Tier-IIs and EPA Professionals, An employee who has accrued unused annual leave upon ~~discontinuation-the ending~~ of employment ~~from-with~~ the University and who either does not request or is not eligible to transfer such accrued leave to another State or local governmental agency, shall be paid for such unused annual leave, subject to a maximum of thirty (30) days. The amount paid to an employee who has been employed an aggregate of twenty-four (24) months or less by one or more State or local governmental agencies is equal to one day for each month worked less the number of days of annual leave taken during the employment period. An employee who has been employed for more than twenty-four (24) months shall be paid subject to a maximum of thirty (30) such days.

If an employee changes contract status from twelve (12) months to nine (9) months, then the employee's annual leave balance as of the effective date of the contract change will be paid out at the time of the appointment conversion. An employee who transfers inside the University to another leave earning EPA or SPA position shall have the annual leave balance transferred to that position.

The university will not accept transfer of annual leave or bonus leave from another UNC constituent institution or State or local agency. Any exception to this provision must be approved by the Chancellor.

Consistent with the Resolution approved by the Board of Trustees, this provision does not apply retroactively to employees who have changed leave status prior to August 1, 2007.
