

## Office of Career Services 2010-11 Student Employment Report

The mission of the Office of Career Services (OCS) was to provide centralized comprehensive and progressive interdisciplinary programs, services and resources to prepare A&T students for the achievement of successful personal and professional career development to meet the needs of a global society. This was done through four career fairs and one career awareness program/fair, workshops/programs, counseling sessions (1909), online jobs (2468) and career-related information as well as on-campus recruiting (285 schedules for a total of 1511 interviews).

In order to obtain employment and graduate school data (disclosure is not mandatory) for graduating students, the Office requested students to complete its Job Offer Survey through distribution as follows:

- For Seniors Only (fall & spring), sponsored by Counseling Services
- Alumni Breakfast (December & May), sponsored by Alumni Affairs
- Emailed graduating students in December & May
- Emailed all on-campus recruiting employers
- Conducted phone calls to students
- Individuals counseling sessions and others visits to the Office
